Dear Sir: -

Am writing in regards to your last letter. Have been trying to find out some thing. That is why I haven't written before. As to Sally Darling being married twice, I never heard her mention that. I think she came from Germany when she was three years old. I know they lived at Baltimore Maryland. Also Pittsburg Penn where Mr Darling work in a shop there. as I remember him telling about it.

Then they lived in Chicago at one time then they moved to Decatur. Barbra J was born there then they moved to Forrest then to Piper City for some time. That is where I first met them. Then they moved back to Forrest where Mr Darling work in the Round House. As to where they were married I do not know. I talk to the Oldest Children and they don't seem to remember much as they weren't very old. Sorry I couldn't find out more. But if I do will let you know.

Yours truly Mrs. Chas. Geisler
